

If only solutions to all our healthcare challenges were this simple.

This year at Oakville-Trafalgar Memorial Hospital we faced the challenges of over 47,000 ER cases, 2,400 births and 21,000 surgeries. We also added over 120 pieces of equipment for delivering the best care there is. What is not well known is that government funding only goes so far. It does not cover any of our equipment needs. So, what made it all possible? Your contributions. **Thank you!**

To contribute call 905.338.4642 or visit www.oakvillehospitalfoundation.com

For the Health of Our Community

Caring Today, Growing for Tomorrow

Halton Healthcare's Oakville-Trafalgar Memorial Hospital serves its communities with an unwavering commitment to compassionate care, clinical excellence and patient satisfaction.

Our mission - *Caring Today, Growing for Tomorrow* speaks volumes. We are planning for growth so we can continue to provide the quality healthcare services the residents of our communities deserve - tomorrow and beyond.

Halton Healthcare Services (HHS) offers access to:

- Comprehensive Diagnostic Imaging Services including Magnetic Resonance Imaging (MRI)
- Renal Dialysis Program
- Mental Health Program - including Child and Adolescent Psychiatry Program and a Regional Eating Disorders Program
- Maternal and Newborn Services including a Special Care Nursery
- Cardiac Rehab
- Rehabilitation and Geriatrics Program
- Audiology Services
