# Tim Horton's® continues to Brew Success

For more than 35 years, Tim Hortons' head office, The TDL Group Corp. has been proud to call Oakville home. Like the town, the chain has continued to grow throughout the last four decades.

Tim Hortons opened its first restaurant in Hamilton, Ontario in 1964. Since then, the focus on top quality, always fresh product, value, exceptional service and community leadership has allowed the chain to grow into the largest quick service restaurant chain in Canada specializing in always fresh coffee, baked goods and homestyle lunches. In December of 2006, Tim Hortons celebrated yet another milestone with the grand opening of its 3000th restaurant, located in

Orchard Park, New York.

Tim Hortons' commitment to maintaining a close relationship with franchisees and the communities where it operates has helped generate immense customer loyalty and build Tim Hortons into one of the most widely recognized consumer brands in Canada. "The company's values of caring and giving back to the community came long before our success, not a result of it," said Paul House, CEO and President, The TDL Group Corp. "These values came quite naturally to our founders."

At a local level, Tim Hortons stores in Oakville continue to support the community through community clean-ups, sponsorship of the Oakville Waterfront Festival and the annu-

al Smile Cookie fundraiser in support of ERI-NOAK Children's Treatment Centre.

As the chain continues to grow, so too does the need for qualified, talented professionals. To assist in attracting new members to the TDL team, the company has dedicated a section of its website, [www.timhortons.com](http://www.timhortons.com), to highlighting current corporate and store career opportunities. Interested applicants are also encouraged to register for Career Alerts that will advise them of new postings in those areas that interest them.

The TDL Group Corp. is a great Canadian company located in your own backyard. For more information about TDL, please visit [www.timhortons.com](http://www.timhortons.com).
