

## Corporate OVERVIEW

### Life's just better with cable

As acknowledged leaders in the field of digital communications, Cogeco continues to define everything that has placed their industry on the forefront of innovation and consumer respect. A standard bearer for their forward looking services and cutting edge technologies, Cogeco today works to create a future where the flow of information, programming, and digital services adds true value to every aspect of our daily lives.

Cogeco's offerings include:

**DIGITAL CABLE** - Over 250 channels with 100% digital and access to The Movie Network, TMN On Demand and Video On Demand – entertainment that fits your schedule.

**HIGH SPEED INTERNET** - The fastest online service in its category. It frees up your phone line and provides a full suite of FREE security features.

**DIGITAL PHONE SERVICE** - Save big with unlimited calling in Canada and the continental U.S. for one low monthly fee. This service also includes 5 key calling features: voice mail, call display, calling waiting, visual call waiting, and call forwarding.

#### Committed To Their Community:

- Cogeco is committed to supporting the well being of the communities they serve through donations and sponsorships.
- Their community channel, *TVCOGECO*, provides **no cost public service announcements** as well as a dedicated, trained staff and production resource to create distinct local programming that celebrates our shared needs, concerns, and desires.
- Training in television production is offered at no cost to local residents, many of whom subsequently contribute as volunteer partners who often find a career within the industry.
- Through a partnership with the Halton Board of Education, hundreds of students have earned school credits while developing their production skills, working with the *TVCOGECO* team.
- For more information about *TVCOGECO*, check them out at [www.tvcogeco.ca](http://www.tvcogeco.ca).
