

Corporate OVERVIEW

Celebrity Flooring serving the Burlington and Oakville communities

When you are searching for that perfect carpet or floor – you are usually looking for experienced staff to help you, quality products and a wide selection. Look no further - Celebrity Flooring is your one-stop destination for all your flooring and carpet needs.

Located in Burlington, Celebrity Flooring has been serving the community for two years now, and has been very well received. The success of Celebrity Flooring is a direct result of the expertise of Owner, Mel Blackburn. With more than 25 years of industry experience behind him, and a successful contracting and flooring career, Mel came out of his retirement to open Celebrity Flooring. "I felt that my expertise in the industry would serve the people of Burlington well," says Mel. "I know the business and it's something I have enjoyed being part of my entire life."

Celebrity Flooring prides themselves on the experience of their employees. "Three of my employees plus myself have been in business for decades. Our motto is 'Old fashioned service, decades of experience'."

Celebrity Flooring offers many choices to choose from when searching for flooring options. Everything from carpet, laminate, hardwood, area rugs and more are available in their showroom. "We have lots of choices in-stock," says Mel. "Clients can browse through displays and samples for something unique."

While flooring is what Celebrity Flooring specializes in, they are also very excited to be offering a selection of imported cast-iron fences. "These fences are exclusive to us and would enhance the exterior of any home," says Mel. "They are very unique, and come in many styles, some passing the safety code for swimming pools."

Mel thinks outside the box and has currently imported a line of electric bicycles, which are environmentally friendly. These products will be available this spring.

This creative thinking has won Celebrity Flooring an award in the Oaville Beaver's Readers Choice Awards this past year.

Oakvillians have been traveling into Burlington to shop at Celebrity Flooring as they voted and won Celebrity Flooring a Gold Medal for Best Floor Covering, Carpet and Best Floor Covering Hardwood/Laminate.

With helpful and informative staff, Celebrity Flooring is ready to serve the people of Burlington, Oakville and area. They are a full-service shop that offers installation, on-site estimates and quotes, finance plans, everyday great prices and top-notch service. "We are always willing to help our clients," says Mel. "We always have smiles on our faces and want to put a smile on our customers face too."

Celebrity Flooring sales staff work on a no-commission basis, this creates a comfortable and no-pressure environment. "We want our clients to feel at ease when they are here. We have a comfortable and welcoming atmosphere for them to shop or browse in."

In addition to Celebrity Flooring, Mel has recently expanded his business to include a contracting division, serving industrial and commercial customers. "We are always looking for more

ways to serve the community and offer them our expertise," says Mel. "We are very excited about this new division."

With his roots firmly planted in Burlington's soil, Mel looks forward to serving the community for many years to come. "I started my roots here in Burlington more than 40 years ago," says Mel. "And I am pleased to have this store here now."
