

SOLARONTARIO.COM LTD.

Located in Oakville!

Over 21 years of solar design & installation experience - hundreds of installations.

Specialists in solar pool & solar water heating systems.

Your local solar energy experts!!

In 2006, SolarOntario.com Ltd. installed the largest, the second largest and the third largest solar water heating systems in Ontario, for the City of Toronto!!

Solar pool heating is the most cost-effective application of solar energy available! Solar pool heating systems will extend your swimming season by as much as 50% - and typically cost only a few hundred dollars more than installing and operating a natural gas heater for a year - and then they operate for **FREE** for 15+ more years!! (It's very green too!)

SolarOntario.com Ltd. recommends The **Techno-Solis** brand of solar pool-heating collector. We've been using it for 19 years - and still have 19 year old systems working well! Best performance, Best price, Zero maintenance, Canadian freeze-tolerant design. **Lifetime Warranty!!**

Residential, Commercial, Institutional and Municipal solar heating systems!
